Show Name: _____ Approved By: _____

Exhibitor Name: _____ Booth: _____

Electrical Lay outs are required whenever an outlet is needed at any other location within the booth except for the back wall.

******* Attention Exhibitors *******

All special Electrical placement and Pavilion booths are subject to Labor charges for Installation and Dismantle

✖	Main Drop
▲	500 Watts
■	1000 Watts
⬭	1500 Watts
★	2000 Watts

Your layout should include:

1 **Main drop:** Exhibitor must provide the location of the main drop whether one or multiple outlets are ordered. Power is brought to one location and then distributed from that point. **NOTE:** If a main drop is dropped from the ceiling, you should consider the cable hanging from the ceiling into your booth.

2 **Location:** select symbol of each power ordered and place it on form. **Dimensions:** (1 square = 1 ft.) calculate dimension of each power drop order.

3 **Booth Orientation:** Provide the acending booths surrounding your booth, to give us orientation of how your booth sits.

10' x 20'
